

Knürr Cabinet Cart Universal Cart System

Multifunctional equipment carriers

Suitable for the most varied areas of applications including PC or printer station, IT cart, logistics, laboratory, workshops, assembly, and manufacturing applications.

Aesthetics

Clean lines and straight shapes for a compact, efficient and modern look offered in a wide variety of color combinations.

Functionality

Rear and Side panels with square hole design perforation provide additional functions, e.g. for ventilation and hook-in accessories.

Material

All drawers, shelves and sidings are made from powder coated sheet steel.

Available accessories

- Hooks
- Cable management (hook on block)
- Shelves
- Drawer
- Front door
