

Low Smoke Zero Halogen (LSZH)

Sizes

RHGMM LSZH shrouds are a low smoke zero halogen shroud which are used during installation to cover the cable glands giving a neat professional finish. The RHGMM LSZH shroud comes in various sizes and colours.

RHGMM LSZH shrouds are supplied in packs of 10 for 20mm and packs of 2 for 25, 32 & 40mm

Size	Description	Part Number	Hole size	Min Wall thickness
20mm	LSZH Shroud	RHGMM20/Colour	21.5mm	1.0mm
25mm	LSZH Shroud	RHGMM25/Colour	27.2mm	1.0mm
32mm	LSZH Shroud	RHGMM32/Colour	35.5mm	1.0mm
40mm	LSZH Shroud	RHGMM40/Colour	46.0mm	1.0mm

Material Properties

Grade	Halogen Free
Colour	Black Red Orange & White
Hardness (IRHD)	65 m- 70 Shore A
Modulus Mpa	No Data Available
Tensile Strength Mpa	7 Min
Tear Strength	23 n/m
Elongation @ Break %	400 Min
High Temp use (Con)	+250c
High Temp use (Peak)	+275c
Low Temp Flexibility	-60c
Oxygen Index	32
UL Rating	Not Tested
Smoke Evolution	Low Smoke Ao<O. 029
Food Quality	No
Medical	No
Oil Resistant	Fair
Dielectric Strength	High
Ozone Resistance	Excellent
Halogen Content	<0.5
